Subject: Cargill Redwood City Water Board permits

Hi Everyone,

I spoke with the Regional Board and it appears the Redwood City site is covered by the General Industrial Storm Water Permit and a 401 Certification for maintenance activities. Cargill's most recent (2009) 401 certification covering Alameda and San Mateo Counties is attached. (b)(5) Deliberative

Let me know if there is anything else we want to see from the Regional Board right now.
Thanks,
Melissa
